

Frye Regional Medical Center is driven by our mission of *making communities healthier.*® We are dedicated to providing high-quality care close to home and investing in our region's overall well-being. Our teams are committed to embodying our core values and improving the health of all those we serve. We feel privileged to be part of this community, and we take seriously the role we play in providing compassionate, accessible care to patients and their families.

With the support of Duke LifePoint Healthcare and community partners like you, we continue to advance our mission and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. We look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

Philip Greene, MD, CEO

2023 Community Benefits

Added 96 employed and independent providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in critical care, family and sports medicine, gastroenterology, infectious disease, interventional cardiology, midwifery, neurology, neurosurgery, pulmonology and vascular surgery.

Made more than \$13.5 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included an additional surgical robot, a new interventional radiology suite and a minimally invasive surgical robot.

Distributed a payroll of \$139,648,035 to approximately 1,460 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

Donated nearly \$72.5 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

Paid \$24,623,007 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Frye Regional announced our new 512-slice CT scanner, cardiac catheterization laboratory expansion and hybrid operating room with a ceremonial ribbon-cutting.

Local, state and Frye Regional representatives celebrated the opening of our helipad.

Staff from the Frye Regional Cancer Center provided education on Automated Breast Ultrasound (ABUS) and cancer at a Lenoir-Rhyne University football game.
